

Community of Practice Opportunities

Why should you join us virtually?

To Celebrate Successes

Allows the time for VTSS Implementers to celebrate the great work being done in their divisions

To Co-Create Ideas

Allows space to create and use knowledge. Knowledge is created, shared, organized, revised, and passed on within and among a virtual community. It is by these communities that knowledge is “owned” in practice.

To Give Ideas

Allows the opportunity to create an ideal channel for moving information — such as best practices, tips, or strategies across the entire Commonwealth

To Boost Motivation

Allows the time and space for helpful information in the form of actual experiences; in other words, best practices. Fresh ideas reinvigorate implementation!

VTSS Implementation is cuttingedge, systems reform work that, at its core, represents the best of education. Changing educational systems to meet the needs of ALL learners requires the support of a network of colleagues! We learn best from our peers - those experiencing the joys and challenges with us.

Virginia Tiered Systems of Supports

VIRGINIA DEPARTMENT OF EDUCATION
