This form should be filled out AFTER each of the teachers on your team has filled out the Teacher Nomination Form individually.

Part 1: Team Nomination

As your grade-level team sits down together, each teacher should have already identified their top three “Externalizing” students, and their top three “Internalizing” students. These students should be listed in rank order on each teacher’s Teacher Nomination Form. Now as a team, you should review each other’s nominations, and decide on a total of three “Externalizing” students and three “Internalizing” students that your team will recommend for extra support. List these students in rank order on the back of this form (the first student listed in each category should represent the student with the most need).

If an individual teacher feels that a particular student has a significant need for extra support, but this student was not nominated by the team, each teacher has the option of requesting an Achenbach TRF (the green form) for that student. After filling out the Achenbach TRF for the student, your school-wide team will meet to discuss the student’s data and determine whether the student can be included in Tier 2 services.

As a reminder, **Externalizing** behaviors are those behaviors that are displayed outwardly by the child towards an external social event in the environment. **Internalizing** behaviors are those behaviors that are displayed inwardly towards the self.

Examples of externalizing behaviors:

- Aggression to others or things
- Hyperactivity
- Non-compliance
- Disruptive
- Arguing
- Defiance
- Stealing
- Not following directions
- Calling out

Examples of internalizing behaviors:

- Exhibits sadness or depression
- Sleeps a lot
- Is teased or bullied by peers
- Does not participate in games
- Very shy or timid
- Acts fearful
- Does not stand up for self
- Self-injury (cutting self, head banging)
- Withdrawn

Part 2: Target Behavior

Work with your team to identify one target behavior for each student the team has nominated. Each target behavior can be thought of as a goal for that student. Be specific about the actions you would like to see, and try to choose a target behavior that will address the concerns your team has for that student. Some examples of common target behaviors are listed below:

- | | |
|---|---|
| • Speaks respectfully | • Stays in assigned area |
| • Completes assignments by due dates | • Initiates conversations with peers |
| • Expresses emotions through appropriate outlets (writing, art, sports, etc...) | • Follows adult directions without additional prompting |
